2025/07/23 00:42 1/2 Compatibility

Compatibility

zebrix is compatible with LG displays that run:

- webOS 4.1
- webOS 6.0

Screen already in use: factory reset recommended

- Press the settings button on the remote control (cogwheel icon)
- Go to admin
- Enter pin code (default: 000000)
- Reset to factory, the screen will go blank

New screen or first start-up after reset to factory settings

- Select Quickstart / Normal Configuration.
- Configuration of screen rotation language, input rotation activation, source: adapt if necessary (default settings can be kept as they are).
- Date and time configuration required!
- Done

DATE / TIME: It is very important to correctly configure at least the correct date, otherwise the first connection to zebrix in HTTPS will be impossible (certificate verification requires a correct date)

Configuring zebrix on the screen

- Start the screen with the **power** button on the remote control
- Press the **parameters** button on the remote control (cogwheel icon)
- In the **EZ Setting** category, go to SI Server Setting
- Select SI Server Setting.
- Set Fully Qualified domain name to ON.
- Enter the URL: https://screen.zebrix.net
- Application Launch mode: Local
- Application Type: ZIP

 $upuate: \\ 2025/03/19 \ en: connect_luckygoldstar_screen \ https://documentation.zebrix.net/doku.php?id=en: connect_luckygoldstar_screen \& rev=1742398545 \ and the property of the property$

- Local application Upgrade: press Remote and confirm, this will launch the application download.
- Exit using the cross at top right
- Turn off the screen using the **power** button on the remote control
- Turn the screen back on using the same button and wait.
- A few seconds after restarting, a notification will be displayed confirming that the application has been downloaded/updated.
- A few seconds later, the application starts automatically and the zebrix activation page appears.
- After activation by the zebrix team, we recommend that you reboot the screen with the remote control one last time before using it.
