⚠ Note: This feature is only available on devices running version V3.

# How to Change the Time Zone

This guide explains how to modify the time zone.

## How to Change the Time Zone on a Screen

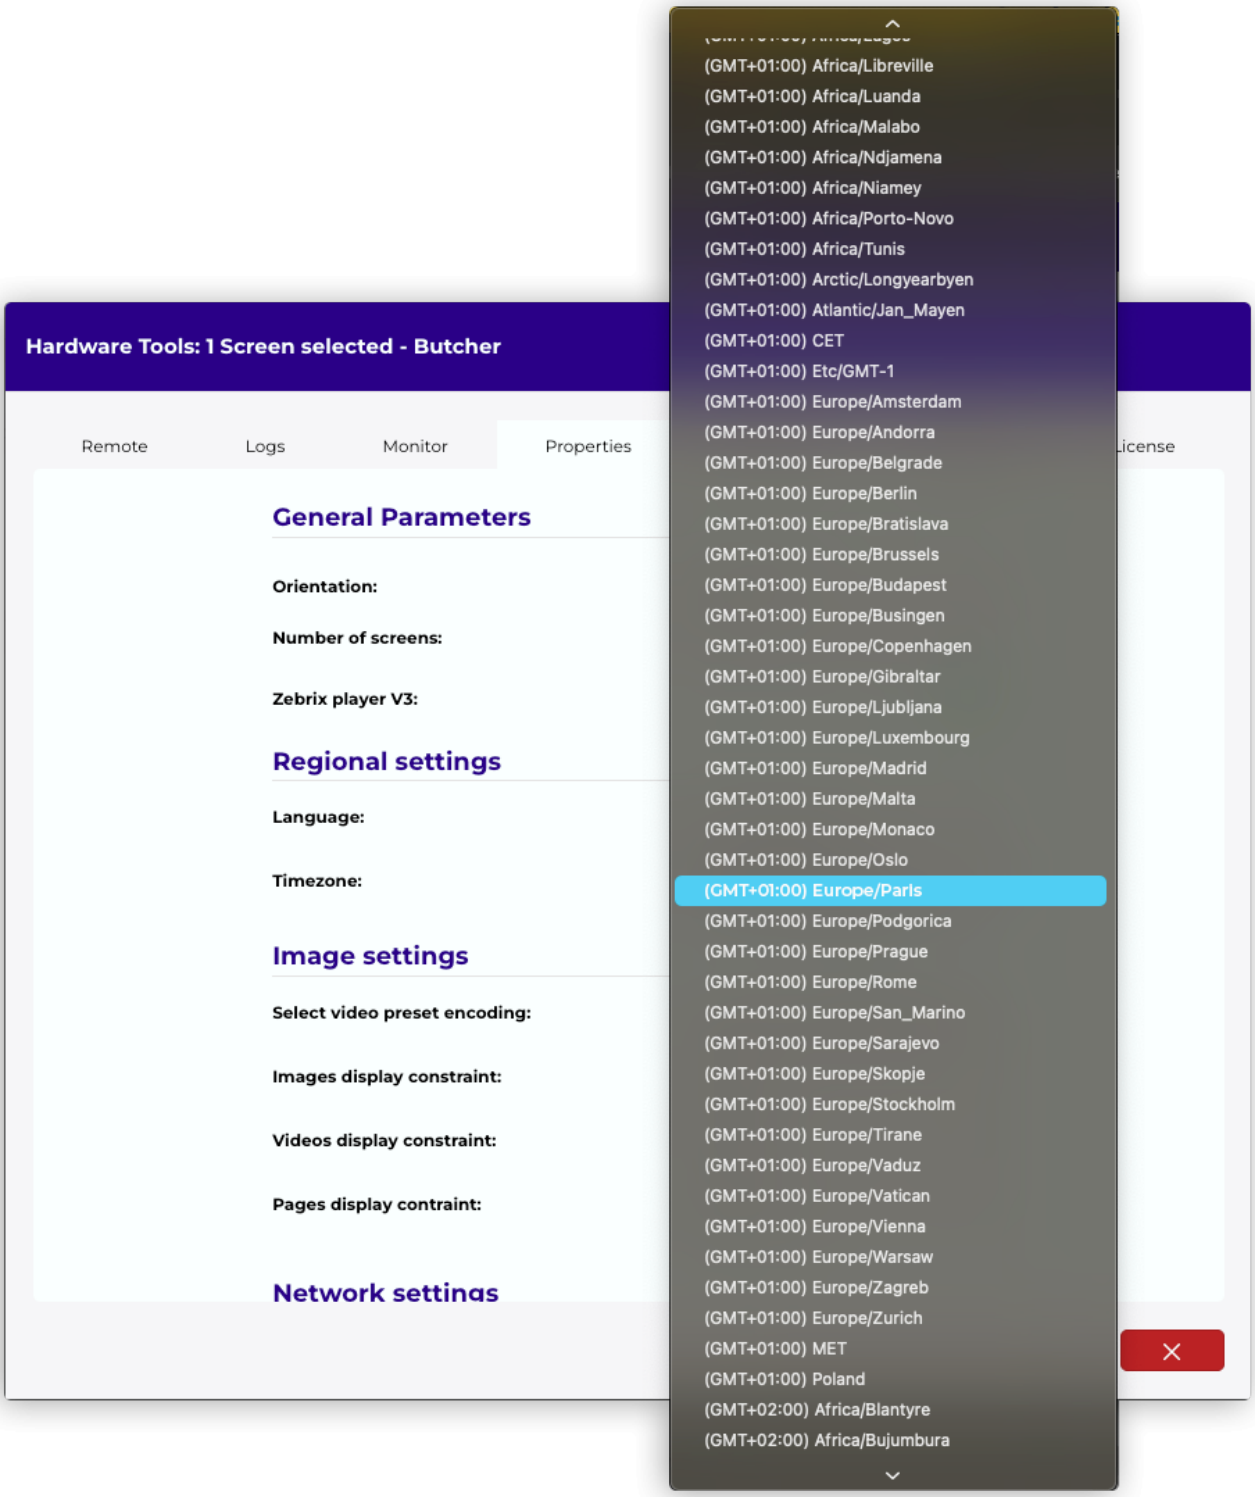

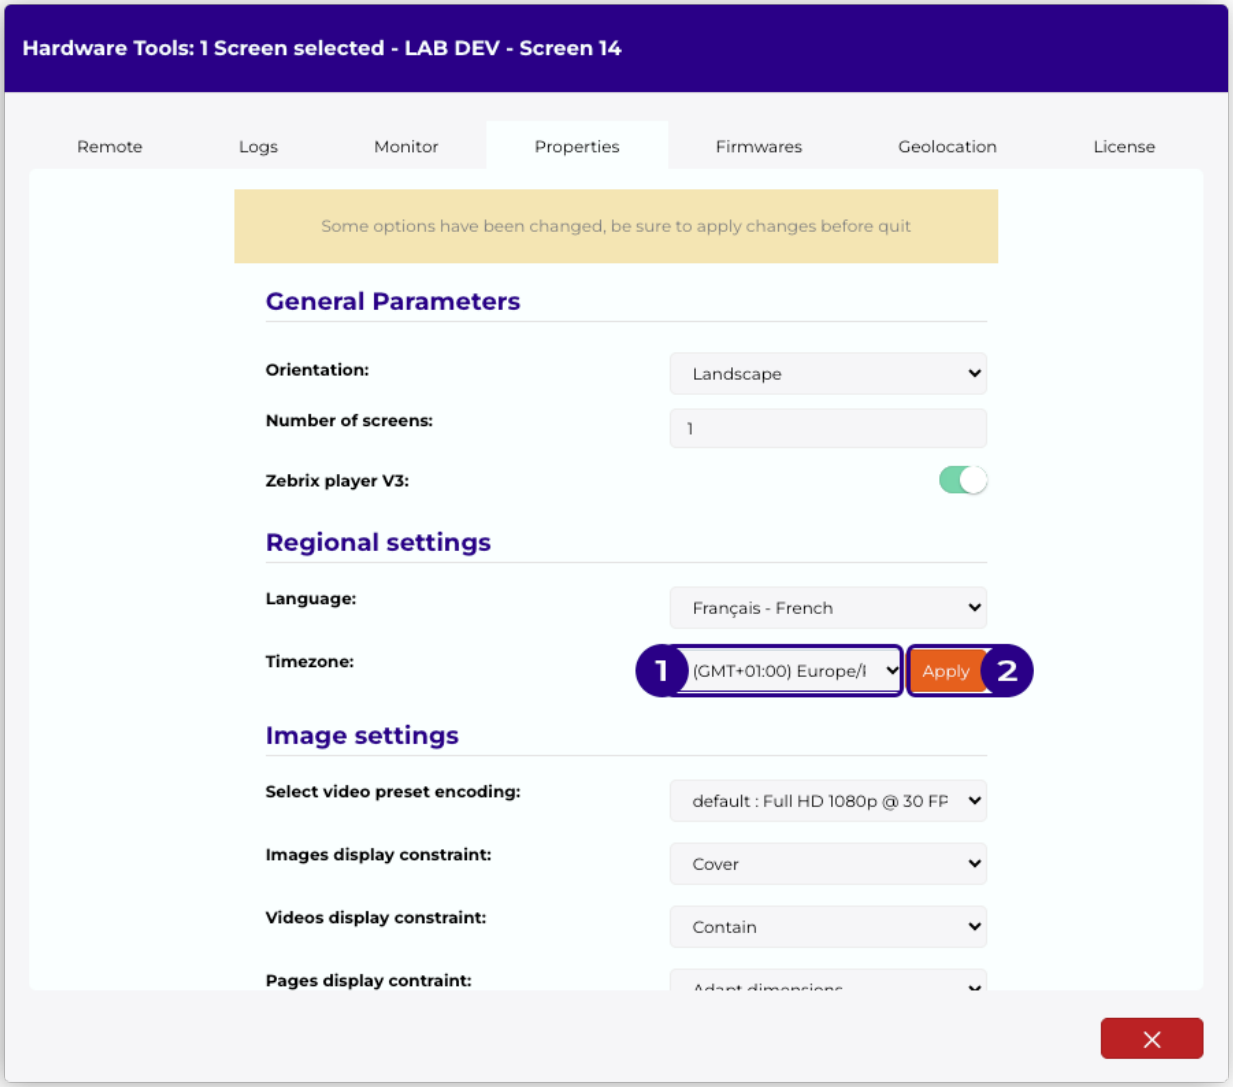

Select the screens on which you want to apply a different time zone.

Click on “Hardware Tools”.

Go to the “Properties” tab.

Select the desired time zone, then click on “Apply”.

# How to Change the Time Zone of a Customer Account

It is possible to modify the time zone at the customer account level. This setting will be used as the default time zone for all new screens/players added to this account.

Go to the account’s general settings and select the desired time zone.

# How to Check the Configuration on a Screen

Press the “Tools” button on the remote control.
