

⚠ Note: This feature is only available on devices running version V3.

How to Change the Time Zone

This guide explains how to modify the time zone.

How to Change the Time Zone on a Screen

Select the screens on which you want to apply a different time zone.

Click on “Hardware Tools”.

Go to the “Properties” tab.

Select the desired time zone, then click on “Apply”.

The screenshot shows the 'Hardware Tools' interface with the 'Properties' tab selected. The 'Timezone:' field is open, displaying a list of time zones. The selected time zone is '(GMT+01:00) Europe/Paris'.

How to Change the Time Zone of a Customer Account

It is possible to modify the time zone at the customer account level. This setting will be used as the default time zone for all new screens/players added to this account.

Go to the account's general settings and select the desired time zone.

How to Check the Configuration on a Screen

Press the "Tools" button on the remote control.
