

How to be informed about zebrix maintenance & service outage

Where can I get information about maintenance and problems ?

You can consult at any time our status page at the following URL : <http://maintenance.zebrix.net>. You will be informed about scheduled maintenance and service outage. If any technical problem occurs on zebrix, the information will be published on this site. For some problems, we'll publish hourly updates about the situation.

The screenshot shows the zebrix maintenance & status page. At the top, there is a logo consisting of a stylized 'Z' inside a hexagon, followed by the word 'zebrix' and 'Maintenance & status page'. Below this, a green banner displays the text 'All systems are operational'. To the right of the banner, there is a photograph of three customer service representatives wearing headsets. The main content area lists two datacenters: 'zebrix datacenter Europe' and 'zebrix datacenter North America'. Each datacenter entry includes a status indicator (a green circle with a dot) and the name of the specific location (e.g., 'zebrix europe #1', 'zebrix USA #1').

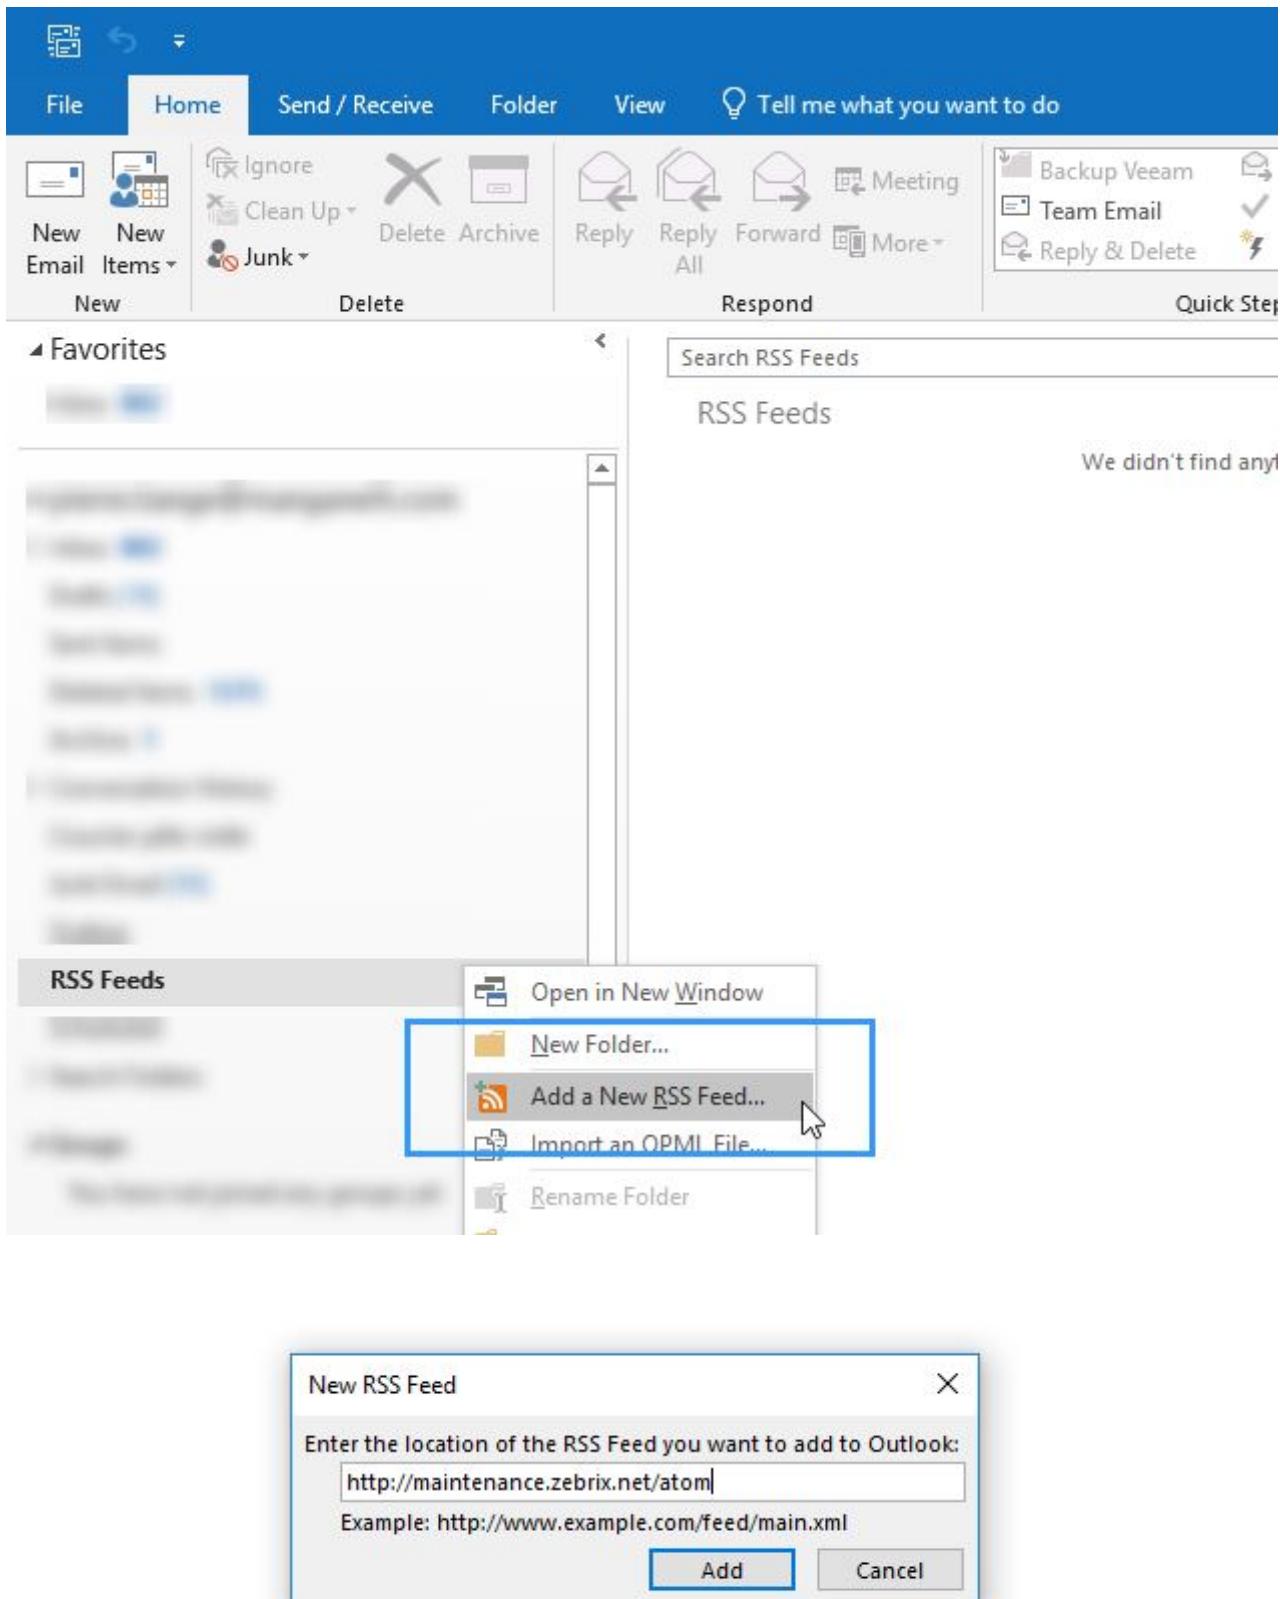

Location	Status
zebrix europe #1	Operational
zebrix USA #1	Operational

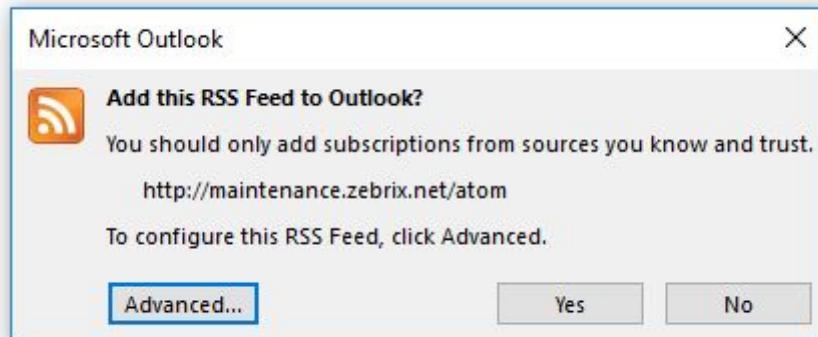

How to received notifications in my email client ?

Most email client are compatible with RSS/Atom feeds. We also provide an RSS and Atom feed that you can subscribe to. When information are updated on the feed, these information will be displayed in your email as a new incoming email. **RSS feed:** <http://maintenance.zebrix.net/rss> **Atom feed:** <http://maintenance.zebrix.net/atom>

Here is how to subscribe to our RSS/Atom feed from Microsoft Outlook

Add the RSS/Atom feed into the RSS Feeds section.
